

GENEVA®

BEST DAB+ FM AND BLUETOOTH RADIO | FOR HIGH END LISTENERS

ACUSTICA

Lounge Radio.

HANDCRAFTED FM/DAB+ RADIO WITH BLUETOOTH AND LINE-IN

Sounds twice its size!

We challenge you to find a radio in this size that provides better sound quality and deeper bass than the Acustica/LoungeRadio!

Its powerful digital amplifiers and custom woofer can play bass notes as low as 50Hz. It has a very loud output without losing the hi-fi quality sound. We believe this is THE new benchmark for DAB+ / FM radios with Bluetooth of this size.

Swiss-engineered, it looks and sounds incredible from every. We even added an alarm clock for your convenience.

We want you to spend all of your time listening to music, not figuring out buttons or controls. That's why we've made the Acustica Lounge Radio simple to use. Quickly tune into DAB+ and FM radio with 6 presets, use Bluetooth with auto-connect to stream from your digital devices in seconds, or just plug straight in with a 3.5 mm jack. Just add a Chromecast Audio dongle to enjoy Google Cast music streaming and multi-room experience.

The Acustica/ Lounge Radio comes in a variety of colours. Choose from a black, white, cognac, or red leather finish.
